for **LEATHER, FOOTWEAR & TRAVELGOODS Sector**

21-23 NOV. 2024 | Expo Zone, ICCB,
Dhaka, Bangladesh

Industry Overview :

The second largest export earner after RMG, Bangladesh leather industry is ranked second in terms of export earnings. Because of its high value addition, huge growth and employment opportunities, leather sector is declared a top priority sector.

Bangladesh accounts for 3% share in the global leather and products market. Almost 60% of its annual output is being exported. The composition of leather and leather goods from Bangladesh underwent a structural change as manufacturing is moving from finished leather towards production of diversified finished products.

Local demand for leather products continues to grow as by 2025, 30 to 40 million people are forecasted to join the entry level of middle-income class, In particular, domestic footwear market has been growing at the rate of 10-15% per annum, where per capita consumption of footwear has increased to 3 pairs from 1.7 pairs .

Over the years LEATHERTECH Bangladesh has become an INDUSTRY NETWORKING FORUM providing opportunity to get together, network and source Technology, Solutions and Processes from various suppliers from across the world being showcased at this largest **International TECHNOLOGY Tradeshow** for the sector.
